PROFESSIONAL EXPERIENCE

FRONTDREAMS WEB SOLUTIONS LTD — Remote
Web Developer Intern — 07/2021–09/2021
- Developed strategic insights across 5 product teams, including revenue, marketing and operations departments on ways to improve frontdreams' client online reach and resulted in improving frontdreams client base by 5%.
- Worked one on one with the CEO on managing its top client pre-existing websites.
- Fixed bugs in one of frontdreams' top client's website which improved its online reach by 10%.

GRADUATION PROJECT — Famagusta, Cyprus
Head of Game Development Project — 02/2021–02/2022
- Led multi-disciplinary 5 person team to design, develop, and launch mobile game application; prioritized and resolved 5+ new features and bug fixes
- Designed an ERD that displays how important data will be stored in the database
- Prepared clear documentation for every implementation.
- Wrote PHP code that stored the important data in phpmyadmin database

PERSONAL PROJECT — Famagusta, Cyprus
Full stack developer — 09/2021 – 09/2021
- features, reduction of 20% in save/load time and 15% operation time
- Analyzed and designed web and mobile application prototypes using figma, adobe XD and adobe illustrator.
- Developed an E-commerce web application that has both admin and customer roles. I also created an algorithm that predicts what each customer might be interested in purchasing using react js and firebase.
- Built a restaurant website using vanilla JavaScript, MySQL, node.js, express.js.
- Built an E-voting portal that has both admin and voter roles.
- Managed a process re-engineering project to improve and consolidate end-to-end service processes; restructured communication flow among 10 departments, and cut down reporting time by 75%
- Reduced development costs by 25 percent by creating a plan to merge related products into one, more streamlined product.
